

*“Working with  
A Time To Organize  
on Hoarders was a  
pure joy. They left  
their fears at the  
door and got their  
hands dirty from the  
first minute.”*

## ORGANIZING

Organizing involves sorting and purging seldom-used items and establishing organizational systems around personal habits. A Time to Organize creates solutions to regain time and space for you.

## STAGING

Staging sets the scene for your house to create immediate interest for the broadest audience possible, arranging a room to draw attention to the walls and floor of your home.
